

COMING SOON

NORAV'S NEWSLETTER

We have some exciting news to share in this quarter's newsletter

- our product packaging is getting a fresh new look! Over the next few months, you'll start to see our products rolling out with sleek, modern designs that align with our recently updated website. This packaging refresh allows us to present a consistent, eye-catching brand across all consumer touchpoints.

While the packaging is changing, our outstanding products inside remain the same quality you know and trust. The new designs will not all arrive at once, but will gradually roll out across our product line over the coming months.

Product is important, but having great product distribution is more important.

LET'S MEET AT MEDICA 2023

MEDICA

At the upcoming MEDICA show, we will showcase a 51-square-meter booth. It's a great opportunity to meet. You can schedule a meeting with your area's Sales Manager.

November 12 - 16 2023

Hall 9, Booth #E33 Düsseldorf, Germany.

Left to right: Dennis Dockery- VP Norav USA & Canada ,
Hayden Horwitz, Norav USA Support Manager; and John
Cardona, Latin American Sales Manager.

FIME SHOW 2023

**June 21-23, 2023,
Miami Beach**

We were delighted to see many of you again among 1,158 exhibitors from 116 different countries presenting our products and services to thousands of visitors from all over the world , we were especially excited for the opportunity to meet our dedicated and devout distributors again.

ONE SETUP, INFINITE CARE: ECGS ANYWHERE, ANYTIME

Empower hospitals and healthcare providers to elevate their remote patient care with Norav Medical's Terminal/Citrix ECG solution, featuring NR1207-E or 3 with PC-ECG 1200 Rest. A single server installation eliminates the need for ongoing hardware or software investments. Nursing staff can seamlessly connect via laptops to perform ECG tests remotely, all under the secure oversight of the organization's IT management. This cost-effective, streamlined solution is perfect for healthcare institutions looking to extend high-quality ECG services to patients' homes

STATE-OF-THE-ART MOTION-TOLERANT DEVICE

Norav Medical's reliable and cost-effective solution for ambulatory blood pressure monitoring. Designed with medical professionals in mind, this state-of-the-art device offers accurate 24-hour monitoring, ease of use, and high-level personalization. The NBP One is not only superior in features but also offers exceptional value, making it the go-to choice for healthcare providers looking for quality and affordability

[READ MORE ABOUT NBP ONE](#)

WHY NBP ONE?

- **Cost-Effective:** Priced lower than the NBP 24 NG, the NBP One offers exceptional value without compromising on quality.
- **Accurate 24-hour Monitoring** The device offers precise control in hypersensitive situations and individual day/night sleep time recording.
- **Ease of Use:** With default or custom-made protocols, the device is incredibly user-friendly.
- **High-Level Personalization** Tailor the device settings and protocols to meet each patient's specific needs.
- **Software Integration:** Designed for seamless integration into medical practices' workflow, improving efficiency and patient outcomes.

CELEBRATING TEAMWORK AND PARTNERSHIPS IN JAPAN

We're thrilled to share this photo from the recent 29th Annual Meeting of the Japanese Association of Cardiac Rehabilitation.

Pictured here are Jordan Meshil, Norav VP of Sales, and Yukitoshi Tsukahara, President of GoodCare IT Management Services Pvt. Ltd., our exclusive distributor in Japan.

They are joined by Rob Sweitzer, President of SunTech Medical, and Fang Wei Fang, Chairman of Chongqing PSK-health Sci-Tech Development Co., Ltd to celebrate an exciting new collaboration between Norav and SunTech.

While specific details are yet to be announced, this partnership paved the way for an integrated solution that will advance cardiac rehab technology and deliver better patient outcomes. Events like these are so valuable for strengthening connections and customer relationships globally.

NEW LABELING FOR NBP 24 NG

The NBP 24 NG will no longer be supplied with NORAV branding but will carry the IEM label,

"Mobil-O-Graph."

Navigating the Transition Together: While we're moving ahead with this new direction, please note that labels marked with "NBP-24 NG" will no longer be available, and we cannot assist in re-registering or registering "NBP-24 NG" with any MOH.

Your Success, Our Commitment: All documentation will carry the IEM brand name "Mobil-O-Graph," ensuring a seamless transition for you and your customers.
