Dear Valued Authorised Distributor,

We would like to inform you that our Blue ECG product has been discontinued and is no longer in production.

While we regret any inconvenience this may cause, we are eager to provide you with a comparable product. If you are seeking a direct interchange product, our NR-1207-E or multifunctioning NR-1207-3 recorder models are the alternative wireless ECG options.

We appreciate your business and support and look forward to serving you in the future. Thank you for your understanding and informing your customers.

Sincerely,
